The Swords of Armageddon - A Guide to Nuclear Weapons

Fri, 21 Sep 2018 20:30:00 GMT To a large extent the The Swords of Armageddon expands on and supersedes Chuck Hansen's earlier (and now long out of print) book U.S. Nuclear Weapons: The Secret History. A notable exception to this though is that while the former book covered the entire span of U.S. atmospheric testing in its historical account (ending in 1963), The Swords of ...

U.S. Nuclear Weapons Capability | 2017 Index of U.S ...

Mon, 10 Sep 2018 17:59:00 GMT Assessing the state of U.S. nuclear weapons capabilities presents several challenges. First, the U.S. has elected to maintain nuclear warheads—based on designs from the 1960s and 1970s—that were in the stockpile when the Cold War ended rather than take advantage of technological developments to field new warheads that could be designed to be safer and [...]

Chuck Hansen - Wikipedia

While Hansen's *U.S. Nuclear Weapons: The Secret History* was very instructive, *Swords of Armageddon* contains much more information and details about nuclear weapons developed by United States. It is in its second revision.
